Qu’est-ce que le placement sous sauvegarde de justice ?

La *sauvegarde de justice* est un régime de **protection temporaire** qui, tout en laissant au majeur sa *capacité* juridique et la libre gestion de ses intérêts patrimoniaux,le protège des *actes*

qu'il aurait inconsidérément réalisés, ou accomplit ceux qu'il aurait négligé d'effectuer.

Les *actes* passés

demeurent, en principe, valables, mais peuvent, pendant cinq ans, être rescindés pour

lésion ou réduits pour excès dès lors qu'il peut être établique le majeur était placé sous

sauvegarde de justice

au moment de la conclusion du contrat.

L'action en ***r escision pour lésion*** nécessite

en outre la preuve que l'intéressé a été lésé, par

exemple lorsqu'il a acquis à un prix excessif ou

vendu à un prix dérisoire.

L'action en ***réduction pour excès*** permet,

dès lors qu'est rapportée la preuve d'une
